e.campagna@live.it | (+39) 334 388 8235 | [linkedin.com/in/campagnaemanuele](https://www.linkedin.com/in/campagnaemanuele)

PROFESSIONAL SUMMARY

Cybersecurity Sales Professional with a strong competitive mindset and a results-oriented approach. Combining business development and account management expertise with a solid technical background in Cyber Exposure, Vulnerability Management (Tenable ecosystem), and NIS2 compliance. Hands-on experience with Azure, SCCM, and Microsoft services. Fluent in English; calm and analytical under pressure.

PROFESSIONAL EXPERIENCE

Sales Account Manager

Alfa Group S.p.A. | Rome, Italy | *May 2025 – Present*

- Manage and develop relationships with existing and prospective clients in the Cybersecurity sector.
- Identify new business opportunities through business development and consultative selling activities.
- Recommend tailored solutions in Exposure Management, Vulnerability Management and Application Security.
- Collaborate with pre-sales and technical teams to design solutions aligned with clients' security objectives.
- Support the full sales cycle: from opportunity qualification to proposal presentation and deal closure.

Associate Solution Engineer | Vulnerability Analyst

Alfa Group S.p.A. | Rome, Italy | *August 2023 – March 2026*

- Performed vulnerability assessments on IT infrastructures and web applications (Tenable, Qualys).
- Analyzed scan results and provided remediation recommendations based on risk prioritization.
- Collaborated with clients and internal teams to improve overall security posture.
- Delivered technical expertise on Tenable.io and Tenable.sc to enterprise clients including BNL.

Windows Systems Administrator

Eidemon Consulting | Rome, Italy | *June 2022 – August 2023*

- Installed, configured and maintained Windows servers, networks and clients at Comune di Roma.
- Managed Microsoft Active Directory, SCCM deployments and batch scripting automation.
